

I am opposed to the expansion of Low Power FM (LPFM) broadcast for the following reasons:

K-LOVE radio is the sole radio station that I listen to and am against the possibility of it being replaced by an LPFM.

K-LOVE radio serves thousands of listeners besides myself with a type of family friendly programming which can not be found elsewhere. I feel so strongly about the positive programming that K-LOVE provides that I financially support the radio station.

I believe that the service provided by K-LOVE is necessary today for the building of good moral character. It is a "safe" station where we can go and not worry about being subjected to harmful or negative dialog or music. For these reasons I believe that the service provided by K-LOVE is in the public interest.
